

### CCDC celebrates our 25<sup>th</sup> anniversary in 2015!

Created in 1990 to implement the Americans with Disabilities Act (ADA) across Colorado, our work has served thousands of individuals with disabilities and our policy and legislative work has ultimately benefitted over 500,000. Our annual **Disability Rights Awards** honor those whose efforts have benefitted the disability community.

**The Americans with Disabilities Act (ADA)** was enacted by Congress in 1990 to *"to establish a clear and comprehensive prohibition of discrimination on the basis of disability."* The creation of the ADA was unusual because more than a hundred groups dedicated to **disability rights, civil rights, and social justice** worked together to ensure its passage. We take pride that CCDC initiatives have saved taxpayers millions of dollars, while benefiting our members. Since 1990, we have been the largest organization uniting and advocating for people with all types of disabilities across Colorado that is run by majority by people with disabilities.
