*\*New and innovative is defined by this committee as unique, improving the lives of people with disabilities. It is innovative in its actions and intended outcomes, which will enhance everyday life, extend life or increase independence. A NEW project is one that has either not been done previously, or has been changed in an innovative way. New is considered less than 3 years of age. Consideration will be made, if the proposed project is new to a specific region or community, as these funds are intended to be statewide.*
