CCDC is Colorado's only statewide organization run by and for people with all types of disabilities. Members consist of people with disabilities and their non-disabled allies (coworkers, employers, family members, and neighbors), working together to support disability rights. Cross-disability means our members have all types of disabilities. We have the most power if all disability groups work together for our common good.

How soon can you help me?

CCDC is not staffed to handle emergencies or walk-ins. Depending on the program, a return phone call can take up to ten business days and calling back during this time will not speed up the response time. Repeat calls for the same issue cause time delays for staff when processing existing requests. If it is determined that we are able to take your case, you will be required to complete an intake process and apply for membership before we can assist you. Thank you for your patience!

How can we arrange for speakers or training from your organization?

For questions about arranging training for your company, or to arrange for a speaker, please email, [Julie Reiskin - Executive Director](#).

What is the best way to contact you?
